ROY, MORA COUNTY, NEW MEXICO, SATURDAY, JUNE 8, 1918.

NUMBER 20

## I.O.O.F. Election

Homestead Lodge I. O. O. F. elected officers at their regular meeting Wednesday evening. The officers for next term will be:

Melville Floersheim	N. G.
R. A. Pendleton	V. G.
Edgar Floersheim	Treas.
Wm. G. Johnson	Sec'y.
A. J. Hern	Trustee.
R. B. Reeder	Representative to Grand Lodge.
R. C. Grunig	Alternate Rep.
C. A. Pearce	P. G.

The business of the lodge with nearly a hundred members has grown to proportions which make the duties of combined Recording and Financial Secretary so onerous that it was decided to pay the Secretary \$5.00 per month salary for the work he has to do. Mr. Johnson has been so efficient in that office in the past that no other candidate was considered. The Odd Fellows lodge has been an important factor in the development of the town and mesa its usefulness is just beginning. They plan to meet in the new Masonic Hall as soon as it is completed and ready for occupancy as a lodge room.

## New Village Marshall

At the last meeting of the village Trustees of Roy, Dick Pendleton was appointed Village Marshall. A very satisfactory arrangement all around.

## 'Lee Andersons' Baby Dies

A telegram was received Thursday morning announcing to the Anderson and Kitchell families the death of the baby daughter of Mr. and Mrs. Lee Anderson at Dawson.

The parents came down in an auto Thursday and it was buried here in the Roy Cemetery.

The sympathy of all is extended to the bereaved young parents and relatives.

## Roy Picture Show

Roy is to have a Picture Show again. Mr. F. A. Sargent, the Jeweler, who is also an experienced movie man, has purchased a new and up-to-date picture machine and will have it running by July 1st, three nights a week.

Mr. Sargent will also enlarge his jewelry business and will locate here permanently.

## Financial Report

### Of Donations by Communities to the Second War Drive Fund

Roy,	\$1,151.40
Mills,	850.10
Abbott,	120.96
Solano,	200.90
Mosquero,	290.10
	\$2,613.46

As Manager of the Drive I desire to thank all Team Captains and Solicitors and each contributor, for their earnest and efficient co-operation and the liberality of their donations to the greatest of institutions for the betterment of humanity—The Red Cross.

In next week's issue of this paper I intend to publish the name and amount of all donations, the names will be arranged alphabetically and the task is too great to accomplish this week.

With repeated thanks and congratulating you on the splendid manner in which you went "Over the Top", I am, yours truly,  
J. FLOERSHEIM,  
Chairman.

If you have any criticism, correction or complaint to offer, take it direct to the Chairman. Charges made against any Red Cross Worker will be investigated by a special Officer and the originator given opportunity to prove it.

## Chautauqua

The Cadmean Chautauqua will be in Roy again this year and is dated for July 2d to 6th.

Rev. Hearn is elected Local Manager and will see you about yours share in it. An attractive line of advertising will be issued in time to interest you in the event.

We don't know what to do about the 4th of July but suggest that the Chautauqua might be taken to the big Celebration at Carriso Canyons and combined with it for the day.

The Revival meetings in progress at the Baptist Church in Roy are being well attended and much interest is being aroused by the forceful sermons delivered nightly by Rev. Maddox. All regardless of denominational affiliations are getting behind the meetings and a great revival is assured.

The address by Lieut. Tenney, of Denver Field Secretary of the Mountain Division A. R. C. was a splendid presentation of the work and needs of the Red Cross. It was arranged for him to speak at the new Baptist Church the revival meeting being given over for the evening to his lecture. Following Rev. Maddox the revivalist gave an impassioned speech on the subject. A large audience was present and accepted the platitudes pronounced over our having done our duty in the recent Drive and on all occasions where money was needed.

A party of Red Cross workers consisting of Mrs. W. H. Wilcox and Mrs. Irvin Ogden J. Floersheim R. Lopez and the Editor, drove to the Chateau School house 25 miles north of Roy Sunday afternoon and met with a company of people of that prosperous community who desired to organize as an Auxiliary of the Roy Chapter, American Red Cross. Fifteen persons signed the application and a quantity of supplies was left with them to start work among the ladies. These people are alive to war situation and keen to get at doing their share. It was a pleasant trip and the cordial reception given the visitors was appreciated. Incidentally -- It is appalling to see the thousands of acres of cultivated land on the mesa that is lying idle for lack of farmers.

Fields that, to our knowledge have produced more than \$100, per acre of wheat in the past are growing up to weeds. Not ten percent of this is due to men being drafted into the army more than 90 percent is due to men with families leaving their farms and going to the mines and factories where they are earning unprecedented wages at day labor. We don't pretend to know what bearing this may have on production of food stuffs the country over but on this mesa the production will be reduced more than 50 percent and the acreage of corn is far greater than ever before.

Get your coal now, it won't mildew!

Santa Fe, N. M. —

Post Master, Roy N. M. You are hereby notified that the registration of German alien females is fixed to commence at six a. m. on Monday June 17, 1918 and to continue on each day successively thereafter except Sunday June 23rd between the hours of six a. m. and eight p. m. up to and including Wednesday the 26th day of June at eight o'clock p. m. at the Post office

will Donate to or Buy at

## This is Your Opportunity, Grasp it!

All Patriotic Stores on the Mesa Will Close All Day

Big Dinner By the RED CROSS Ladies.

Big Day!

All Day!

Miss Inez Cate of Solano has accepted a position as Assistant Superintendent in a small hospital in the suburbs of Denver and went to assume the duties last week. Miss Cate stayed with her wheat fields until it was hopeless for this season and we are glad she has found a position where she is best qualified to serve and will be appreciated. Efficiency and discretion are her characteristics and many friends will be glad to know she is turning her talents to this purpose.

The coal miners can work for you now, Later Uncle Sam will need them.

A big new Steel awning is being erected on the front of the new Floersheim building. A lot of metal cornice came with it and the already handsome building will be still more classy in appearance with the new trimmings.

Mrs. Mrs. V. L. Browning, of Fredonia, Kansas are spending the summer with their daughter Mrs. L. N. De Weese, of Mosquero.

L. W. Wilson, of Mosquero was in Roy Wednesday. He has had some rain of late.

Thomas James and Robert Sansbury made application for Final proof on their homesteads this week, also J. J. Taylor They all plan to pay taxes next year.

The concentrated wisdom of accumulated experience—"Order COAL Now"

Dick Dietterich Joe Sanchez, Alfonso Martinez and Ed Wendland were among the boys who left for training camps last week from Roy. A large crowd was at the depot to bid them goodbye.

Chris Wendland left Saturday for Wagon Mound to entrain for the army.

F. B. Sherwood and family of Mountain View Okla. were here last week guests of Mr. and Mrs. Henry Stone at the ranch in La Cinto canyon. The lady is a sister to Henry and they came to attend the funeral of Bud Farmer at Springer. They started home Sunday morning.

Miss Shirley Nutter of Albuquerque, D. S. Nutter of Mountain View T. C. Nutter of Madrid Chas from Ratono and another brother from Idaho all met at the old home this week for a few days reunion. They are all busy people put not too busy to remember home ties.

Mrs. J. S. Horten and daughter Miss Lillian were in Roy Tuesday and favored the S-A with a pleasant call. Miss Horton has been employed in the Reception room of a large Art Gallery in Chicago and before coming home she went to New York and visited her brother Chester who has sailed for France and also visited her other brother Sanford who is in Maryland. She is trying to get accustomed to New Mexico again after living in the city.

C. E. Anderson tells us he will have to replant his entire bean field of over 100 acres. He planted early and they came up and all died from cut-worms and other causes. It is a serious loss of seed but--He planted too early and there is plenty of time yet to make a crop.

Rev. Will Carleton Heaton writes us from Kibbey Okla. that he found Mrs. Heaton about the same as when he left. He will remain for some time at home.

The meetings he recently held at Newton School house resulted in 50 conversions and additions to the Church there. He is sure this is the best little rural community that he has ever found in return Rev. Heaton is appreciated at his true worth among them.

## Road-Machinery

A. C. Trujillo Member of the Mora County Board drove to Mora Sunday in his new Chevrolet to attend a regular meeting of the Board. The new Road Grader Plow and scrapers for this side of the River arrived last week and are now in hands of John Mackey the road Boss at Solano. We are indebted for these things and many other betterments directly to Mr. Trujillo and we are going to have more things needed here through his efforts for a square deal. It is a pleasure to know we have a real man at court to look after the public interests of the people and his politics is a secondary matter Mr. Trujillo will get cordial support from this end of Mora County for any office, to which he may aspire.

Mrs. Ollie D. Williams, of Solano has accepted a position as teacher in the State Reform School at Springer and went Sunday to assume the duties. It is a good position and one for which she is well fitted and we are glad to see her ability recognized in this appointment to a remunerative position.

Ernest Anderson and Ernest Leatherman are planning to go to the army with the next draft. They figure that they can not plan ahead to do anything with the probability of draft at any time and the sooner they get in the better.

Clinton Neal came in from his home in Reading Michigan Monday to visit his brother Elmer and other friends here. He left Roy soon after the big fire and this is his first visit since.

At the meeting of the Board of Managers of the Community hall Monday the organization was disbanded and the rooms turned over to the Red Cross which organization will have full charge of them in future. The rooms have been used as a work-room by the Red Cross and it simplifies matters to give up the other organization and manage it all under one head.

Roy is a rather lonesome place since most of the school teachers and "Will-be" teachers have gone to Las Vegas. The exodus started Sunday when Misses Lena Lusk Retha Sale Tillie Branch and Fanny Blevins took the train with a large number of teachers from Tucumcari and other points south. Mrs. P. P. Branch and Mrs. Sale accompanied their daughters and will keep house for them during the term.

Monday Misses Virginia and Clara Martin Miss Fern Depew and Miss Elizabeth Epps and a number of others went, Vegas will be a busy and brilliant place for the next few weeks with hundreds of enthusiastic students there preparing to teach next fall.

Mrs. F. H. Foster returned Monday from ten weeks visit at her old home in Alta Iowa and other points. She is glad to get back home and away from the cyclones that were too near neighbors for comfort. All there run for the Cyclone cellar whenever a cloud appears. It has rained too much there and crops are no further ahead than here.

Her two sons Johnny and Robert are now in France and she is proud of them as soldiers. Many friends are glad to welcome her and sympathize with her impatience with her eastern friends who are so stuck on Iowa mud that they won't even come and see a better country.
